TRAINING SESSION

We are excited to introduce our latest CCTV product, **Luminys**, designed to elevate security to the next level. To help you master this cutting-edge technology, we are hosting a comprehensive Training Session tailored for all our partners with **Graybar Canada**.

Training Highlights:

- **Introduction to the Luminys CCTV Product.** Learn all about the features, capabilities, and benefits of our innovative CCTV system.
- **Installation & Setup Step-by-step guidance** on how to properly install and configure the product for optimal performance.
- **Advanced Features & Settings** Understand the smart functions, remote access, cloud integration, and more.
- **Troubleshooting Tips & FAQs** Quick solutions for common issues to ensure smooth operation.
- **Live Demo & Hands-On Experience** Get a first-hand experience with the product and explore real-time functionality.
- **Lunch will be provided**

**FEB 18, 2026****10:30am - 12:00pm****7245 Highway 50 - Unit 1**
